### MONTPELIER.

An enlarged photograph of the late Gen. W. H. Gilmore has been presented to the state by Mrs. Gilmore and hangs on the wall of the adjutant-general's office at the State House. General Gilmore served for 24 years as quarter-master general and in 1909, when that office and that of adjutant-general were combined, he was elected to fill that position.

Three students were indefinitely suspended Wednesday from Montpelier seminary for hazing three freshmen. Those suspended are Ira Morse of the senior class, Carl Evans and George Martin, both sophomores. Principal Bishop was away at the time and Prof. Cooper, of the faculty, meted out the punishment for the boys' misdeeds.

L. N. Wood has given up the plan of showing the Johnson-Jeffries fight pictures here the 18th, as advertised, stating that his reason for withdrawing them is because he cannot find a hall to show them in, and not because of any fear of the city council. M. H. Farrar of the Comique, William Fisher of the Savoy and A. J. Mills of the Pavilion were granted licenses yesterday, following the action of the council the first of the week.

### ART OF HAPPINESS.

Much Depends on Temperament and Little on External.

Life requires an art, and some people say that happiness is an art. It is many ways an illicit one. Studiously to try to be happy is to assume that one has a right to be happy, and this is to disregard the warnings of numerous sages. But even if it were not impiety to claim happiness, it would still be a futility. Happiness is a matter of temperament; thousands of people who have every reason to be happy, (as we vainly judge) are unhappy, and thousands who ought, by all rules, to be miserable float buoyantly and jauntily on the troubled ocean of their affairs.

One can waste a good deal of pity on men who deserve it but do not require it. The writer has one such case in mind. The man's business failed, nor could he rise again for all his efforts; the ill luck that pursued him was persistent, inexorable. His wife, who graced his prosperity, was quite unable to redeem his distress; rather she saddled him with the blame and became at once a provocation and a hindrance.

His daughters made undesirable marriages, and his sons, instead of helping him out of the ditch into which he had fallen, ungratefully relieved his pockets of the chief part of what little remained in them. When the writer met this man, just after a particularly heavy shower of major and minor misfortunes, he experienced that kind of embarrassment which one has in speaking to a person about a heavy bereavement. But embarrassment was unnecessary. The man's laugh was as light, his face was as free from lines and his step as springy and eager as in the days of his ease. "I've got half a crown in my pocket," he said with a slap on his thigh, "and I'm off to see the pantomime." And off he went like a boy.—London Spectator.

## If All Housekeepers Knew the Advantages of the

# Crawford Ranges

few others would be sold

In the saving of time, trouble and labor and in superior cooking ability, no other range can compare with them.

The Single Damper (patented) is the only perfect fire and oven control; one motion—slide the knob to "kindle," "bake" or "check," and the range does the rest.

The Two Hods in the base (patented) is a wonderful trouble-saving feature. One Hod for ashes, instead of the old, clumsy ash pan; the other Hod for coal.

The Oven with its cup-joint flues is heated all over alike; no "cold corners," no "scorching spots."

The Patented Grates save trouble and money.

Auxiliary Gas Ranges at the end or above the range, if desired.

Ask the Crawford agent to show you and write us for circulars.

### Hands Off!

Mrs. Ray with her little three-year-old daughter was visiting her brother, who was a minister. May was just the age when she wanted to investigate new things, and her mother was continually telling her she must not touch this and that. The first Sunday of their visit May was teasing to be taken to church. To give the greatest weight possible to her entreaties, she said:—"I will be good, mama. If you will let me go, I won't touch the text!"—From Woman's Home Companion for October.

To feel strong, have good appetite and digestion, sleep soundly and enjoy life, use Burdock Blood Bitters, the great system tonic and builder.

A lazy liver leads to chronic dyspepsia and constipation—weakens the whole system. Doan's Regulator (25 cents per box) corrects the liver, tones the stomach, cures constipation.

Cures baby's croup, Willie's daily cuts and bruises, mamma's sore throat, grandma's lameness—Dr. Thomas' Electric Oil—the great household remedy.

### How to Stop Drinking

It was formerly customary for the habitual drinker to take the pledge regularly, sometimes once a year, and sometimes in every fit of remorse that followed his debauches, and then—break it. But now it is gradually dawning on the world that pledges do not stop drunkenness. The nervous system of the habitual drinker is diseased, and he must have treatment that will cure this condition. Orlene is sold under a positive guarantee to cure the drink habit or the money will be refunded. Can be given secretly.

Write for free booklet on the cure of alcoholism to The Orlene Co., 306 Grinn building, Washington, D. C. Mailed, sealed. Orlene costs but \$1 per box. Sold in this city by Burt H. Wells, 100 No. Main street.
